

What a Year!

2021 was unrelenting. COVID did not quit, and neither did the needs and aspirations of the families we work with. The good news is that Just A Start didn't quit either. In fact, we had a remarkably productive year, despite many obstacles.

We've been able to step up in major ways – addressing residents' immediate needs, while advancing big plans for the future – because of your support and partnership. **Together, we'll keep at it in 2022.** Thank you!

Thanks to You...

We've advanced our pipeline of new, affordable housing and commercial developments, with **four projects and 215 apartments** reaching key milestones.

The Education and Training programs have prepared dozens of students for **living-wage careers**, while laying plans to substantially enhance and expand those programs.

We've assisted hundreds of families to **remain stably housed through mediation, financial assistance and support services**, while coaching hundreds of families to improve their financial status and prospects.

It Isn't Too Late to Give!

We want to thank those who have generously given this year and remind you that it isn't too late to make a donation. **Make your gift before December 31st and Cambridge Savings Bank will match it dollar-to-dollar.** Thank you!
