

Just A Start Volunteer Income Tax Assistance (VITA)

We offer **free tax preparation services** by trained volunteers from **February 2nd to April 18th**. We will have two formats for getting your taxes done this year, please read carefully. In the event of high numbers of COVID cases, we will default to drop-off/pick-up services for everyone:

- **In-person service.** This means your taxes will be completed that day and a signed copy sent home with you.
- **Drop-off/pick-up service.** You will complete an intake sheet, we scan your documents, and you leave. We complete your return, and either call you to come back and sign out, or you can sign out digitally through secure file-sharing with an email.

Masks are required when visiting the tax site, for the protection of both taxpayers and our volunteer preparers
